Gift Guide

There are 131,000 social enterprises in the UK. From coffee shops creating jobs for people who are homeless to solar-powered bus companies, healthcare providers co-creating services with patients to film companies focusing on training diverse young talent – social enterprises are beacons of our communities across the country and are a growing force for good.

Social Enterprise UK is the national voice for social enterprises and leads the world's largest network of businesses with a social purpose, which includes all the organisations featured in this gift guide!

Together with our members, we work to create a fairer economy and a more sustainable future for everyone. We push for social enterprise solutions – showing government and other decision makers the transformative impact of this movement, build the evidence base for the sector through our research, and drive cross-sector collaboration, working with private companies and public institutions to bring social enterprises into their supply chains - helping any organisation to create positive social and environmental impact.
