

Supply Chain Review

A quick and easy way to find out which social enterprise suppliers your organisation trades with.

Social Enterprise UK's Supply Chain Review Service is the perfect solution if you would like to gain visibility and independent validation of the social enterprise suppliers your organisation already works with.

Who our Supply Chain Review service is suitable for

The service is suitable for buying organisations which:

- wish to gain an initial understanding of their existing social enterprise supplier relationships as a way to baseline existing social enterprise spend and develop an expansion strategy.
- wish to track and report progress towards their social enterprise spend targets.
- are – or wish to be – suppliers to government and need to track and report their spend with Voluntary, Community and Social Enterprise (VCSE) subcontractors as a requirement of government contracts.

Why Social Enterprise UK

Social Enterprise UK is the only organisation with a comprehensive database of UK social enterprises.

We have run our Supply Chain Review Service for hundreds of private sector partners across all industries. We have also undertaken audits for twelve government departments, from the Department of Health and Social Care to the Ministry of Justice.
